## 🎯 OBJECTIVE

Passionate full stack developer with hands-on experience in building web applications using the MERN stack. Currently pursuing a B.Tech in Electronics and Communication Engineering. Looking for an opportunity to apply my skills in frontend, backend, and database development to create real-world solutions and grow as a developer in a collaborative environment

## 🎓 EDUCATION

### Sasi Institute of Technology & Engineering

2022 – 2026 | Tadepalligudem, AP

Bachelor of Technology in Electronics and Communication Engineering

### Sasi Junior College

2020 – 2022 | Rajahmundry, AP

Intermediate Mathematics, Physics, Chemistry

## 🧠 SKILLS

**Programming Languages** — Python, C, JavaScript

**Frontend Technologies** — React.js, HTML5, CSS3, TailwindCSS, Bootstrap

**Backend Technologies** — Node.js, Express.js

**Databases** — MongoDB

**Tools & Platforms** — Git/GitHub, Postman

## 📁 PROJECTS

### Fashiofy – E-commerce Web Application 🔗

Team Project | MERN Stack | GitHub 🔗

- **Role:** Frontend Developer | **Tech Stack:** React.js, Tailwind CSS, Axios, Three.js, Material UI
- **Description:** A collaborative fashion-focused e-commerce website built using the MERN stack. The platform includes features such as product browsing, user authentication, shopping cart, and order placement
- **My Contributions:**
  - Designed and developed responsive UI components using **React.js** and **CSS**.
  - Implemented **product listing, detail pages, and shopping cart** interfaces.
  - Integrated frontend with backend APIs using **Axios** for dynamic data rendering.
  - Ensured smooth user experience and cross-device compatibility.
  - Collaborated with backend developers for seamless data flow and testing.

### Student Event & Certificate Management System 🔗

MERN stack | GitHub 🔗

- A web app for managing event registrations and generating digital certificates in colleges.
- Designed and implemented **RESTful APIs** for event creation, registration, and certificate management | Used **MongoDB** for storing user data, event details, and certificate records.
- **Tech Stack:** React.js, Tailwind CSS, Material UI, Axios, Express.js, Node.js, MongoDB

## 📜 CERTIFICATIONS

- Responsive Web Design - FreeCodeCamp Certification 🔗
- JavaScript - Scaler Certification 🔗
- React.js : udemy Certification 🔗
